

# SAFETY CHAIN RETAINERS

## FORGED STEEL

**SAFETY CHAINS ARE  
REQUIRED BY LAW  
IN MOST STATES!**

**Sierra Pacific Engineering and Products** has introduced new upgraded, weld-on safety chain retainers.

These latest products are best-in-class with higher Ultimate Breaking Strength (UBS) to match & pair with 49 CFR 393.108 NACM Grade 70 transport chains.

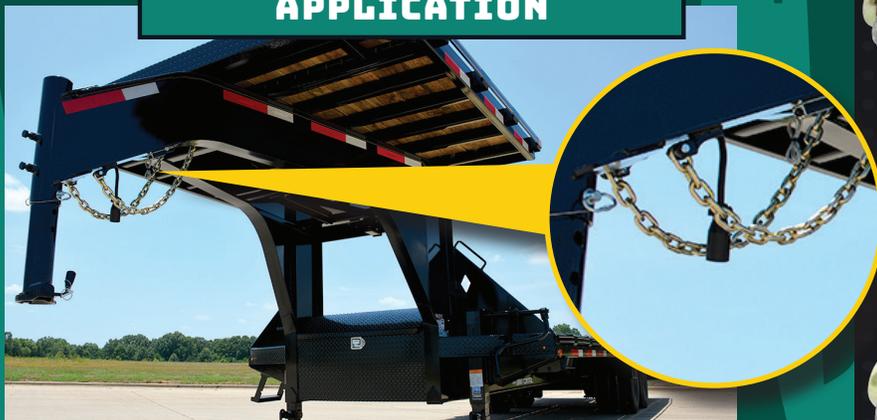

**AVAILABLE IN 2 SIZES**

**SMALL** **12,600 LBF UBS Rated**  
(for up to 1/4" Grade 70 Chain)  
*exceeds other market 10,000LBF rated product*

**LARGE** **26,400 LBF UBS Rated**  
(for up to 3/8" Grade 70 Chain)  
*exceeds other market 25,000LBF rated product*

**Meets D.O.T. and CVSA specifications**

### APPLICATION

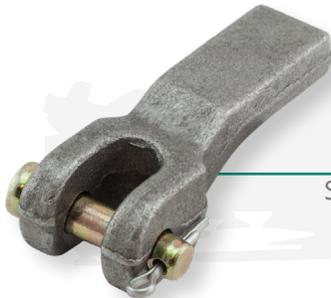

Constructed from tough forged steel construction with plain finish for weld-on applications.

Removable high strength steel clevis pins for ease of finishing and chain assembly.
